## Skills

Programming with Java, C, C++, HTML, CSS5, JavaScript, PHP, Python.

Robot programming where am the lead at Kibabii University Robotics club (Arduino and raspberry PI4)

Android application development using Java and Kotlin.

## Experience

### 5, January 2022 – Current

Volunteer intern at **Machini Technologies** where I work as an Android developer.

### 18, August 2021 - Current

I am GDSC Kibabii University vice lead. GDSC is a Google sponsored community where students collaborate to learn technical skills. In 2021 we participated in the Solution challenge and I was awarded a certificate of participation. During the challenge, we developed an e-commerce Android application in a team of five. The application was to help the students sell items online. Here is the link (<https://github.com/DSC-Kibabii-University/KIBU-OLX>).

## **20, June 2021 - Current**

I am a contributor at section.io which is a platform where students write articles on Engineering and Tech issues. I have successfully published two articles on Android development which can guide a learner on how to do some certain task in Android. My Portfolio having the articles i have published is here. (<https://www.section.io/engineering-education/authors/collince-okeyo/>)

## **4, July 2021 - Current**

I am the Zalego Academy campus ambassador for Kibabii University. Campus ambassador is a program that helps students interact with other students from various campuses as a community.

My github username is Collince-Okeyo and here is the link to my profile.
